COURSE OBJECTIVES

The course "Exploring Bhakti and Indian Philosophical Foundations" critically examines the historical development of Bhakti movements in India and their significance within the broader context of Indian philosophical traditions. It analyses the philosophical underpinnings of Bhakti practices, including their relationship to major philosophical schools such as Vedanta, Nyaya, and Samkhya. This course helps to investigate the role of Bhakti in shaping Indian cultural, social, and religious landscapes, including its influence on literature, art, and music. It also equips students with the theoretical and methodological tools necessary for contributing original insights to ongoing academic discussions surrounding Bhakti and Indian philosophical thought.

COURSE OUTCOMES

CO 1: Demonstrate a nuanced understanding of the historical development of Bhakti movements in India and their impact on religious, cultural, and social dynamics.

CO 2: Evaluate the philosophical foundations of Bhakti practices and their intersections with major philosophical schools, articulating the inherent philosophical underpinnings.

CO 3: Analyse the cultural influence of Bhakti on Indian literature, art, and music, discerning how Bhakti ideals manifest across artistic forms.

CO 4: Utilize acquired theoretical and methodological tools to contribute original insights to ongoing academic discussions on Bhakti and Indian philosophical thought, advancing scholarly understanding through synthesizing diverse sources of knowledge.

SYLLABUS

Unit 1: Introduction to Indian Philosophical Foundations.
