PhD SCHOLAR
Open Positions

AI for Reconstruction & Optimization

Pursue your PhD in the areas of:

- Image Reconstruction and Mathematical Modelling for Biomedicine
- Graphs, Networks and AI
- AI for Industrial Operations and Logistics Optimization

At one of the top research centers in India with leading faculty.

- Prerequisites: Strong Mathematical Foundations e.g; M.Sc. in Mathematics, M.Tech. in Computer Science or similar.
- Experience in either Graph Theory or Image Processing is appreciated.

Advantage PhD @ AmritaWNA

- Fellowships starting from Rs. 25,000 per month
