4	HIFU	Dr. Sivaneshwaran
5	Nanoknife	Dr. Murgeshan Manoharan

Hands-on stations:

(18/10/2024: 10:00 am – 1:00 pm, 2:00 – 5:00pm,
and 19/10/2024: 10:30 – 1:30 pm).

1. Robotic simulator - #1 RARP
2. Robotic simulator - #2 RARP
3. Trouble shooting in Docking
4. Interpreting prostate MRI and annotating lesions for fusion biopsy
5. Trans-rectal prostate biopsy – conventional and fusion
6. Trans-perineal prostate biopsy – conventional and fusion
7. Post radical prostatectomy penile rehabilitation – AMS penile implant
8. Philips UroNav prostate biopsy

HIGHLIGHTS

ROBOTIC RADICAL PROSTATECTOMY

- Step by step guide for beginners
- Learn from the experts
- Tips and tricks to improve continence
- Intra-op troubleshooting

ROBOTIC SURGERY WORKSHOP

- Hands on session with Da Vinci Simulator
- Get mentored by the experts

PROSTATE BIOPSY MASTERCLASS

Hands on Training with 3-D printed models covering

- TRUS biopsy
- Transperineal biopsy
- MRI Fusion biopsy

FOCAL THERAPY

- Expert session on HIFU and NanoKnife
- What you need to know

POST PROSTATECTOMY REHABILITATION

- Management of Erectile Dysfunction and urinary incontinence
