About Clinical Nursing Research Society

CNRS is a non-profit organization established in the year 2019. The aim of the organization is to encourage and improve the quality of clinical research in nursing to generate evidence and its application in clinical practice and education at par with global nursing standards. CNRS Envisions creating a global platform of nurse researcher for excellence in nursing research and capacity building for its execution and sustenance. For the enhanced operations of the society CNRS functions as 4 Zones- North, West, East & South, organizing educational and research activities at the zonal level. CNRS North Zone, constituted in 2023, organizes conference, workshops and monthly webinars to create a momentum for clinical nursing research.

1st North Zone CNRS edition Conference

The first edition of **North Zone CNRS conference** on **25th October 2023 at AIIMS New Delhi. The theme of the conferences was "Clinical Nursing Research: Collaborative Excellence"** and was attended by more than **500 participants**.

2nd North Zone CNRS edition Conference

The National Conference & Nursing Research Summit (NCNRS 2026) marks the second edition of the North Zone Clinical Nursing Research Society (CNRS) Conference, following the resounding success of its inaugural event at AIIMS New Delhi in 2023. This year, the summit is organized by the Clinical Nursing Research Society, North Zone, in collaboration with Amrita College of Nursing, Faridabad, and will be hosted at Amrita Hospital, Faridabad, from 5–7 February 2026.

With the theme **“Advancing Nursing Research for Safer Patient Care & Evidence-Based Practice”**, NCNRS 2026 aims to create a dynamic platform for nursing professionals, researchers, academicians, and policymakers to engage in meaningful dialogue and knowledge exchange.
