Journal of Data Processing

Sl. No	Title	Author	Pg. No
1	A Rough Set Based Parallel Verification Model for Accounting Mining Systems	<i>Wei Zeng</i>	151
2	Triggers and Barriers of Rural Women Entrepreneurs : An Empirical Study	<i>P. Paramshivaiah , B. T. Sampath Kumar</i>	159
3	Modeling Clustering Approaches to Recommender Systems in Language Datasets	<i>Chen Wang</i>	175

Vol: 15 No: 4

Digital Signal Processing and Artificial Intelligence for Automatic Learning

Sl. No	Title	Author	Pg. No
1	LSTM-based Multi-channel Convolutional Autoencoder Model for Signal Optimization and Control Strategy	<i>Xiaojuan Che</i>	147
2	An Evaluation Network Model for Transport Development Risk Assessment	<i>Guoqiang Li, Yinfa Wang</i>	155
3	Enhancing Multi-Objective Educational Optimization for MOOC Flipped Models	<i>Min Zhang,Xiaoliang Sun</i>	162

Vol: 4 No: 4

Journal of Electronic Systems

Sl. No	Title	Author	Pg. No
1	AI-Driven Electronic Vision for Formative Classroom Educational Assessment	<i>Qian Yang, Guoqiang Li</i>	187
2	An Enhanced Architecture and Modularisation Strategies in Distributed Electronic Systems	<i>Bing Xie</i>	195
3	Precision Error Removal in Smart Robotics Using 3D Machine Learning	<i>Ruichun Gu</i>	203

Vol: 15 No: 4

Information Security Education Journal

Sl. No	Title	Author	Pg. No
1	Backpropagation Artificial Intelligence with Grey System Theory	<i>Guojun Hong, Wei Xiong</i>	41
2	Recommender System Model for Security Teaching in the Higher Education System	<i>Jiang Jing</i>	49
3	A Study of the System Failures in the Network Security Using Information Processing	<i>Bingjie Su</i>	57

Vol: 12 No: 2

Journal of Digital Information
Management
Vol: 23 No: 4

Sl. No	Title	Author	Pg. No
1	Mitigating Intersectional Gender and Racial Bias in Sentiment Analysis: A T5-Based Data Augmentation Approach for English and Low-Resource Bengali	<i>Md Saiful Islam</i>	203
2	Can AI Replace Human Peer Reviewers? A Comparative Analysis of AI-Generated and Human Expert Reviews	<i>Pit Pichappan, Preethi Pichappan</i>	220
3	Analyzing Outage Performance in a UAV-Assisted Backscatter System Operating under Realistic Composite Fading Conditions	<i>Lam Dong Huynh, Lam Thanh Tu, Tan N. Nguyen</i>	234

International Journal of Web Applications
Vol: 17 No: 4

Sl. No	Title	Author	Pg. No
1	A Cloud- based Data Processing Platform for the Internet of Things: Architecture, Implementation, and Performance Evaluation	<i>Xia Peng</i>	145
2	Integrating Digital Technology into Modern Ceramic Art: Enhancing Creativity, Design,	<i>Ma Jifei</i>	153

	and Cultural Expression		
3	Preserving Conservation Cultural Materials with AI: A Human Pose Estimation Approach	<i>Zhijiang Lan</i>	163
