

AMMA'S ANUGRAHA

Amrita Alumni Magazine, Kochi Campus
June 2026 Biannual

Amrita Hospital, Kochi, with a new milestone in respiratory treatment!

The Interventional Pulmonology Department at Amrita Hospital has achieved an unparalleled feat by successfully completing more than 3,000 advanced rigid bronchoscopic procedures in complex cases. Established in 2017 under the leadership of Dr. Tinku Joseph, this department is the first center in India started exclusively for interventional pulmonology treatment. Amrita is now among the leading institutions in the country in removing highly complex airway obstructions and in advanced therapeutic techniques.

The department has also achieved several globally recognized milestones in diagnosis and treatment. The world's first successful "transbronchial lung cryobiopsy" for diagnosing lung diseases in children was performed at Amrita. In addition, the team has led several historic procedures, including India's first airway stenting in newborns. By establishing a dedicated department exclusively for interventional pulmonology, the hospital has been able to implement innovative treatment methods for many complex airway disorders.

Along with treatment, Amrita places strong emphasis on training the next generation of doctors. Through India's first "Advanced Interventional Pulmonology Fellowship Program," more than fifty pulmonologists from around the world have already received expert training at Amrita. Congratulations to all the healthcare professionals involved in this proud achievement in the field of respiratory care.

Amma`s Message

Self - confidence gives us mental balance, courage and control over our minds. It enables us to confront the problem in our lives with courage. Some problems are inevitable and unavoidable. Having faith in yourself will help you to face and overcome them.

Woman should never believe they are inferior to men. It is woman who have given birth to every single man in this world. Take pride in this unique blessing and move forward with faith in your inherent power.

MESSAGE FROM THE DESK OF THE CHIEF CO-ORDINATOR OF AMRITA ALUMNI, KOCHI CAMPUS

Dr. P. G Nayar,
Emeritus Professor.
Pharmacology.
Coordinator of Nodal Office for
Statutory Inspections.
Chief Coordinator for
Kochi Campus Alumni,
AIMS, Kochi.

It is with great privilege, pleasure and with mere blessings and grace of our beloved Amma Matha Amritanandamayi Devi that I am writing this introduction of 2010 batch of our student's magazine. Dear & beloved Amma, I am ever indebted to you.

2010 batch students were more academically oriented bright & beautiful, but we lost a gem of a student Dr. Parvathy Prasanna Kumar tragically. Your Alma mater conveys deep condolences to the bereaved family.

Our Alumnus Dr. Sathyajith Nair from Pediatrics Dept. shined in the IAP (Indian Association of Pediatrics) and is selected as Secretary of IAP, Kochi Branch for the year 2026. Details have been published in all most all newspapers.

During the Pharmacology CME, our alumni Dr. Mamatha, Dr. Roseme, Dr. Kavitha and Dr. Febina played a major role in organizing and conducting Quiz programs on Bioethics & ADR.

Mentorship session was given by Shri. Jayesh J (Alumnus of AHS Phy. Asst.) from Abu Dhabi the topic was "From Support Role to Smart Clinical Partner : AI's New Role in Allied Health Practice."

As a part of International Women's day celebrations, IAP, Kochi conducted training program for women, Dr. Lipi Madhusoodhan, Consultant Fetal medicine from CIMAR, Trissur and Dr. Sathyajith Nair, Pediatrician from AIMS, Kochi, talked about women's empowerment. This has been widely appreciated by public and has been published in all local newspapers.

Our School of Pharmacy conducted yearly Hybrid Alumni Meet, in which all alumni interacted with each other and brought back the old fond memories of their student days here. Dr. P.G. Nayar was the Chief Guest and a thorough enjoyment was witnessed by all. Dr. P.G. Nayar gave an inspiring speech to motivate all the alumni to register in the Digital Alumni Directory with all their present details.

Southern Regional Conference of Indian Pharmacological Society (SRCIPS) was conducted a 3-day Conference with the first day as Workshop. Our alumni did a wonderful job to make the conference a successful event.

A special mention is necessary here as I am the Chief Alumni Co-ordinator of Kochi Campus & I feel proud that three of our Alumni – Dr. Jyothipriya Jyothindrakumar, a leading Nephrologist from Muthoot hospital, Pathanamthitta, Dr. Dhanya Keezhattoor, a Fetal Medicine Specialist from Apollo Adlux hospital, and Dr. Shiga Rappai, who is a Paediatric Endocrinologist & Diabetologist in Sidra Hospital, Doha, Qatar, were speakers in that conference. They are all my cherished students. Chief guest of the Conference was Padma Bhushan Dr. Jose Chacko Periappuram, HOD, Senior Consultant surgeon, CVTS, Lisie Hospital Ernakulum, who has done the first Cardiac Transplantation in Kerala, India. Dr. Prem Nair, our Group Medical Director & Provost delivered the Presidential address. With this I would take all of you to go through the Magazine and enjoy the Kochi campus endeavors.

10

Amrita School of Medicine conveys our heartfelt condolences to the bereaved family RIP dear Dr. Parvathy Prasanna Kumar, MBBS 2010 Batch.

ACHIEVEMENT

Dr. Bobby Sarah was at Kancare Senior Care

Dr. Bobby Sarah, PGD2010,
(Medical Radiotherapy) alumna

“Kancare began as a humble part-time home care venture in 2016 with the goal of supporting families who struggled to care for their seniors. Today we proudly operate three centres in Kochi with 150 beds and have had the privilege of serving nearly 1000 families over the past nine years. Receiving an award was never a dream of mine but I am truly grateful to God Almighty for this recognition. This award by Deepika, presented by the Hon Governor W Bengal Shri C V Ananda Bose is not a personal achievement but a testament to the hard work and dedication of every member of our team who strive to provide exceptional care to our residents. I am honoured to lead such an outstanding team. Congratulations to Kancare family!@kancare”.

Congratulations to Dr. Bobby Sarah from your Alma mater

ACHIEVEMENT

PROGRAMME SCHEDULE

21st January 2025 | Knowledge Hub, Aster Medcity, Kochi

Aster - Ochsner International Masterclass in Paediatrics

MBBS 2010 BATCH ALUMNI WITH FAMILY

Name : Sibi Vishnu
Roll No : KH.MD.U6MBB10090

“It was truly lovely to hear from you. I very fondly remember my days at AIMS, they were formative, challenging, and deeply rewarding. Your teaching and guidance in Pharmacology remain a meaningful part of that journey, and I am grateful for the role you played in shaping our foundation in medicine.” – Dr. Sibi Vishnu

Thank You So much for the fond memories

Dr. Sibi Vishnu

“I am a Board-Certified Aesthetic Physician. After completing my MBBS from AIMS, I pursued a master’s degree in Clinical Dermatology in the United Kingdom. Following this, I earned my Diploma in Aesthetic Medicine in London.

I then worked extensively in Dublin, Ireland, and completed dermatology and aesthetic certifications across the UK, Ireland, Canada, and the United States, reflecting my commitment to safe, evidence-based treatments and continuous professional growth. I have also completed board certification in Aesthetic Medicine in Canada.

I am currently practicing Aesthetic Medicine in Toronto, Canada.

Spouse

Dr. Vishnu Pradeep

Dr. Vishnu Pradeep is a dual-board certified psychiatrist and medical leader recognised for his diagnostic precision, holistic clinical approach, and commitment to innovation in mental healthcare. He earned his Doctor of Medicine in Europe and holds master’s degrees in Public Administration in Health Systems (USA) and Leadership & Innovation in Healthcare (Ireland).

He completed specialist training in General Adult Psychiatry and Psychiatry of Old Age in Ireland and is registered with the medical councils of Ireland and the UK. He has practiced across Ireland, the UK, and Canada, with academic roles at Trinity College Dublin and University College Dublin, and has published research in international journals.

With over a decade of experience across multiple psychiatric subspecialties, he has worked in community mental health, specialist ADHD services, and virtual psychiatric care, most recently serving as Clinical Director for a telepsychiatry service in Ireland. His areas of interest include ADHD and neurodevelopmental disorders, mood and anxiety disorders, metabolic psychiatry, youth mental health, and digital mental health innovation.

Family

We have a four-year-old son who started school this year and is bringing great joy and energy into our lives. I have attached our family photograph to the email addresses provided separately.

Thank you again for reaching out and for your kind wishes. Please do convey my respectful regards to everyone at the institution. It is always a privilege to remain connected with AIMS.”

AMRITA SCHOOL OF ALLIED HEALTH SCIENCE

ACHIEVEMENTS

Best Physician Assistant Award 2026

Ms. Santhya S.K

Senior Physician Assistant, Dept. of Cardiology, AIMS Kochi
PG Diploma in Physician Assistant
2003-2005 Batch

She has received the “Best Physician Assistant of the Year Award” from Society of Physician Assistants. The award was presented on 26th April 2026 at Hotel Le Meridian during the national conference “PACE-2026”. She was selected for this award in recognition of her exceptional contribution to the Physician Associate profession and her distinguished career spanning over two decades in cardiology practice at Amrita Institute of Medical Sciences, Kochi.

As one of the senior-most Physician Associates in cardiology in India, she has demonstrated excellence in advanced cardiac care, device management, patient-centered practice, and clinical expertise.

Her pioneering efforts in initiating and establishing the Cardiology PA Forum have significantly strengthened specialty-based collaboration and professional development within the PA community.

She has played a key role in academic advancement, training, and national conferences, contributing to the growth and success of platforms such as PACE, while mentoring and inspiring future generations of Physician Associates.

Her unwavering commitment, leadership, and dedication continue to shape the future of the PA profession in India.

111

ACHIEVEMENTS

Best Board Member Award 2026

Ms. Sreekala. C
Assistant Professor
Amrita Centre for Allied Health Sciences
M.Sc Allied Health Sciences (Physician Assistant)
2004-2007 Batch

She has received the “Best Board Member of the Year Award” from Society of Physician Assistants. The award was presented on 26th April 2026 at Hotel Le Meridian during the national conference “PACE-2026”. She was selected for this award in recognition of her exceptional leadership, unwavering dedication, and outstanding service to the Society of Physician Assistants (SPA).

Since the early years of the association, she has been a pillar of strength and continuity, contributing significantly to the growth and advancement of the PA profession in India.

As the Joint Secretary of SPA and Organising Secretary of PACE 2025 & 2026, she has played a pivotal role in elevating PACE into a nationally recognized, premium academic platform, setting new benchmarks in quality, organization, and professional engagement.

Her tireless efforts, vision, and commitment continue to inspire the profession and shape the future of the association.

ACHIEVEMENTS

Excellence in advancing PA Profession

Amrutha. M
Physician Associate
Amrita Kripa Charitable Hospital, Wayanad
B.Sc. Physician Assistant 2021 Batch

She has received the “Excellence in Advancing PA Profession Award” from Society of Physician Assistants. The award was presented on 26th April 2026 at Hotel Le Meridian during the national conference “PACE-2026”. She was selected for this award in recognition of her courageous and pioneering step as one of the first Physician Associates to step beyond conventional clinical settings and serve in a rural, under-resourced community.

As the first Physician Associate to be deployed, live, and work within a community healthcare setting, she has demonstrated exceptional commitment to primary care delivery, community engagement, and equitable healthcare access.

Her contributions at Amrita Kripa Charitable Hospital, Wayanad stand as a model for the future integration of Physician Associates into community and primary healthcare systems in India.

ACHIEVEMENTS

Budding Physician Associate of the Year 2026

Mr. Krishnanunny N. S
Physician Associate
Dept. of Urology
Medical Trust Hospital
B.Sc. Physician Assistant 2021 Batch

He has received the “Budding Physician Associate of the Year Award” from Society of Physician Assistants. The award was presented on 26th April 2026 at Hotel Le Meridian during the national conference “PACE-2026”. He is a dedicated and highly motivated Physician Assistant with a B.Sc. in Physician Assistant Studies from Amrita School of Medicine, Kochi. He possesses hands-on experience in surgical and medical care, with specialized expertise in Urology and Renal Transplantation. Skilled in perioperative patient management, surgical assistance, catheterization, wound care, clinical procedures, and medical documentation, he is committed to delivering evidence-based, patient-centered healthcare. He has assisted in numerous major and minor surgical procedures, including advanced urological and transplant surgeries, and has extensive experience in discharge summary preparation, patient counseling, and multidisciplinary team collaboration. A recipient of the Budding Physician Assistant of the Year Award (PACE 2026), Krishnanunny has also demonstrated leadership as a Student Representative of the Society of Physician Assistants and the Indian Association of Physician Assistants. His strong clinical acumen, research involvement, and commitment to professional excellence make him a valuable asset to any healthcare team.

ACHIEVEMENTS

Ms. Dona Susan Sunil
2009 Batch BMRT

Graduate from AIMS Cochin to pursue B.SC. in Medical Radiologic Technology in 2013. After graduating, she worked as a Radiation Therapist for several corporate hospitals and later with the Appolo Porton Cancer Centre. Later, she moved to Elaktra, where she served as a project coordinator and application specialist for the cloud-based implementation of Mosiq OIS. Presently working as country head for Macromedics Company Netherlands. Also pursued master’s in health care management from MEWAR University and Doctorate in Hospital Management from IIMBS. Certified trainer for Vision Rt from London. Now working as an MRI Radiographer in the UK.

“All these achievements in my career have been possible because of the strong knowledge, training, and values I gained from Amrita University. I will always be grateful to my teachers and institution for shaping my professional journey.”

Recent Achievements
Awarded for Best Presenter
ARTICON 2025.

ACHIEVEMENTS

Ms. Ardra G Roy
B.Sc Medical Radiologic Technology.
2019 Batch.

Ms. Ardra secured First Rank in MSc Medical Imaging Technology from Rajiv Gandhi University of Health Sciences, Karnataka. A proud former student of Amrita BMRT 2019 Batch.

116

Mr. Nithin S
B.Sc Medical Radiological Technology
2016 Batch.

He is a Radiology professional whose journey in medical imaging began at Amrita Institute of Medical Science in 2016 where he pursued advanced studies in radiology and developed a strong foundation in diagnostic imaging and patient care. Then he continued his professional growth at KIMS Hospital from 2021 to 2026. He gained valuable clinical experience while expanding his expertise across various radiological practices and technologies. His continuous learning, hard work and knowledge acquisition, enabled him achieve the position of In-charge of the Department of Radiology at Lisie Hospital, Ernakulam.

ACHIEVEMENTS

Vikasit Bharat 2047

As India advances towards its vision of Viksit Bharat 2047, strengthening the healthcare workforce has emerged as a national priority. Recognizing the critical role of Allied Health Professionals (AHPs) in delivering accessible, efficient, and quality healthcare, a high-level Multistakeholder Dialogue on Allied Healthcare for Viksit Bharat 2047 was convened at the Constitution Club of India, New Delhi.

The dialogue was organized by India House in collaboration with Pahle India Foundation and Virohan, bringing together representatives from government agencies, regulatory bodies, healthcare institutions, academia, industry, and skill development organizations. The objective was to foster a coordinated national conversation on the future of allied healthcare and identify strategies to align education, workforce development, and healthcare delivery with India's long-term health goals.

Dr. Prasad V. G., Program Coordinator and Associate Professor, Amrita Centre for Allied Health Sciences, Amrita Institute of Medical Sciences, Kochi, participated in the dialogue in his capacity as a Member of the National Commission for Allied and Healthcare Professions (NCAHP).

The discussions centered around two major themes. The first explored the role of Allied Health Professionals in achieving India's 2047 healthcare vision, emphasizing workforce expansion, competency enhancement, and adaptability to emerging healthcare needs. The second theme focused on aligning education and training with healthcare system requirements, highlighting the importance of competency-based learning, structured clinical exposure, and stronger collaboration between academic institutions and healthcare providers.

Participants also discussed the growing demand for specialized Allied Healthcare professionals in areas such as critical care, diagnostics, transplantation, rehabilitation, digital health, and community-based healthcare services. The need for robust regulatory frameworks, career progression pathways, and research-driven practice was emphasized as essential for the future growth of the profession.

AMRITA SCHOOL OF ALLIED HEALTH SCIENCE

The dialogue reinforced the importance of institutions such as Amrita University in shaping the next generation of healthcare professionals through innovative education, clinical excellence, research, and interprofessional collaboration. The insights gained from the discussions are expected to contribute to ongoing efforts aimed at strengthening Allied Health Sciences education and practice in the country.

The event provided a valuable platform for exchanging perspectives on policy, regulation, education, and workforce development, reaffirming the pivotal role of Allied Health Professionals in building a resilient and future-ready healthcare system for India.

AI in Healthcare for Allied Health Science Professionals- From Support Role to Smart Clinical Partner

Abstract by the Mentor Shri. Jayesh.J

Artificial Intelligence (AI) is quietly reshaping healthcare—not by replacing professionals, but by becoming a reliable partner in everyday clinical work. For allied health science professionals, this shift means moving from purely supportive roles to becoming part of a smarter, more efficient care ecosystem.

At a basic level, AI refers to systems that can mimic human thinking, while Machine Learning allows these systems to learn from data and improve over time. Today, more advanced tools can interpret medical images, understand clinical language, and even assist in making decisions. One of the most impactful developments is Generative AI, which can create clinical content such as discharge summaries, referral letters, and structured notes—saving valuable time and reducing documentation fatigue.

AI is now being integrated across the entire patient journey. Before a visit, it can help identify risks and highlight important patient data. During consultations, it can support real-time documentation through ambient listening tools. After the visit, it helps generate summaries, follow-ups, and patient instructions. This seamless support allows professionals to focus more on patient care rather than administrative tasks.

For allied health professionals across specialties, AI is already making a tangible difference:

- Diagnostic technologists can rely on AI to prioritize urgent cases and improve imaging quality.
- Dialysis teams benefit from predictive systems that anticipate complications before they occur.
- Speech-language pathologists can extend therapy beyond clinic hours using AI-powered tools that track and guide patient progress.
- Pulmonary function technicians get assistance in interpreting complex tests and managing scheduling efficiently.
- Neurotechnologists can detect seizures in real time with AI-supported EEG analysis.
- Optometrists are using AI for faster and more accurate screening of eye conditions.
- Cardiovascular technologists see improved efficiency in ECG interpretation

and echo reporting, with critical cases flagged instantly.

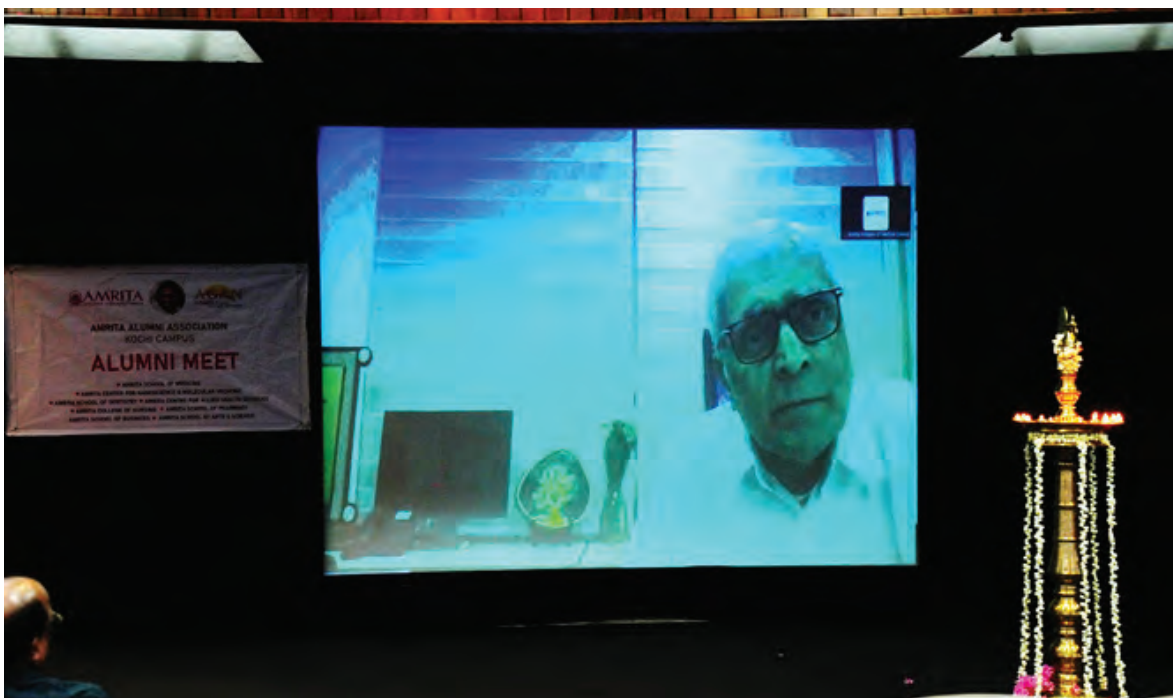

Despite all the excitement around AI, the current reality is practical and grounded. AI is best understood as a clinical co-pilot—handling repetitive tasks, organizing information, and supporting decision-making—while the human professional remains in control.

At the same time, it's important to recognize the challenges. Questions around data privacy, bias in algorithms, and transparency need careful attention. This is why the “human-in-the-loop” approach remains essential—AI supports decisions, but clinicians guide them.

Looking ahead, healthcare is moving toward more personalized and data-driven care. To keep pace, allied health professionals will need to develop new skills such as understanding data, effectively interacting with AI tools, and ensuring ethical use of technology.

Conclusion

AI is not here to replace allied health professionals—it is here to empower them. By reducing workload, improving accuracy, and enabling proactive care, AI allows professionals to do what they do best: focus on patients. The future will belong to those who can confidently work alongside AI and use it to deliver smarter, safer, and more compassionate healthcare.

Dr. Meenu Vijayan (M.Pharm 2008-2010) was honoured with American Society of Clinical Oncology (ASCO) Merit Award and Special Merit Award for Pain and Symptom Management at ASCO 2025 Annual Meeting, Chicago, USA.

REPORT ON “AMRITA SMRITI” – ALUMNI MEET 2026
7th March 2026 (1.30 pm-5.00 pm)

The “Amrita Smriti” Alumni Meet 2026 was successfully held on 7th March 2026 from 1:30 PM to 5:00 PM at the Seminar Hall, 4th Floor, Amrita School of Pharmacy. The event witnessed enthusiastic participation from alumni across various batches, along with faculty members and current Pharm D 2023 batch students. The programme began with a solemn prayer by Ms. Meenakshi Jaideep (Pharm D 2023 batch), which set a reflective and respectful tone for the gathering. Following the prayer, Dr. Saiprabha VN, Assistant Professor and Alumni Coordinator, delivered the welcome address, where she greeted the alumni and highlighted the importance of staying connected with the alma mater.

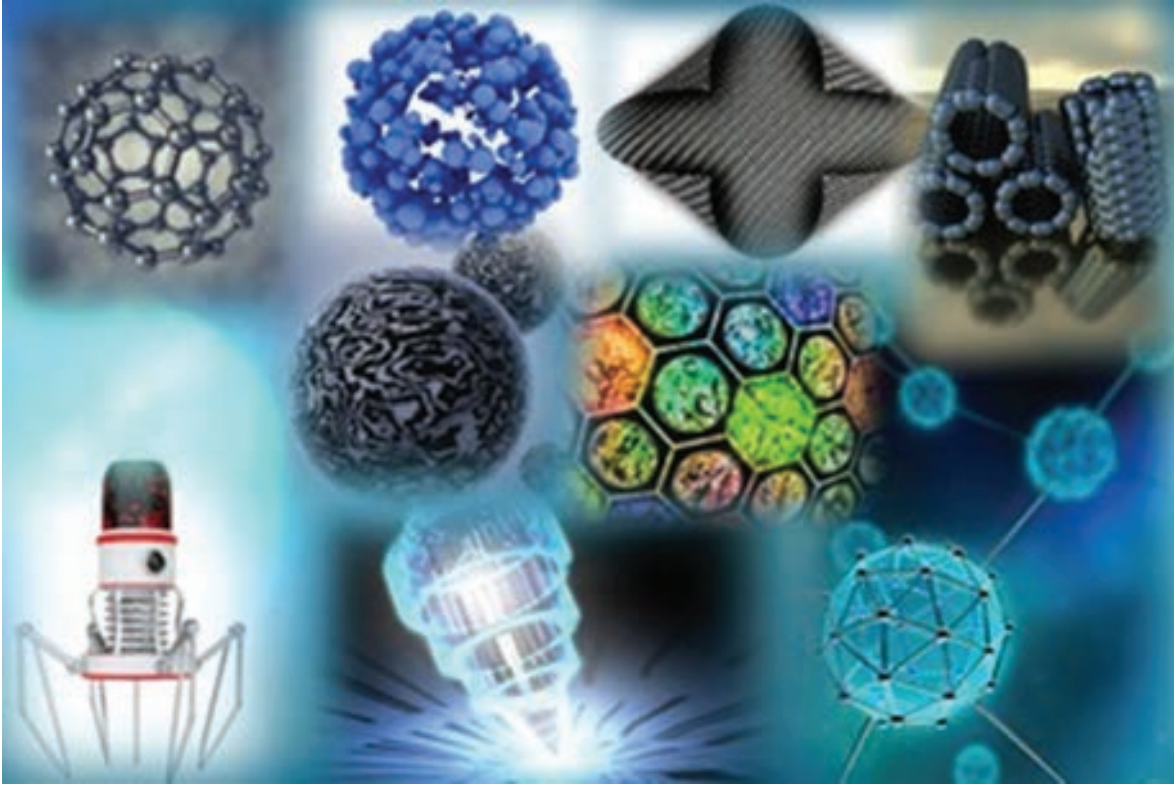

Dr. Sabitha M, Principal of Amrita School of Pharmacy, then delivered the presidential address. Madam appreciated the alumni for their continued support and the relevance of alumni meet to be conducted yearly. Subsequently, Dr. P G Nair, Emeritus Professor and Chief Coordinator for the Kochi Campus Alumni Association, addressed the gathering. Madam addressed the role of the alumni association in strengthening the bond between former and current students, and encouraged everyone to actively participate in upcoming alumni initiatives. The event witnessed enthusiastic participation of alumni from the B. Pharm 2021 batch, many of whom are currently pursuing their M. Pharm at Amrita School of Pharmacy, along with members of Pharm. D 2018 batch, making the gathering more meaningful and nostalgic.

The segment titled “Nostalgia Unplugged: Teachers & Alumni Reflections” was held from 2:10 PM to 2:45 PM. During this session, several faculty members and alumni shared heartfelt memories of their time at the school, including classroom anecdotes, lab experiences, and personal milestones. The session evoked a strong sense of nostalgia and emotional connection among the attendees. Following this, from 2:45 PM to 4:30 PM, fun games and icebreakers were coordinated by Ms. Chandra S and Mr. Navaneeth Krishna CS (both from Pharm D 2023 batch).

A cultural performance was presented by the Pharm D 2023 batch from 4:30 PM to 5:00 PM, featuring a blend of music and dance that added a vibrant and energetic closure to the formal proceedings. Immediately after the performance, Ms. Chandra S (Pharm D 2023 batch) proposed the vote of thanks, expressing gratitude to the management, faculty, alumni, student coordinators, and support staff for making the event a success. The event concluded with the National Anthem, marking a dignified end to the alumni meet. Overall, “Amrita Smriti” 2026 succeeded in rekindling old bonds, fostering new connections, and reaffirming the alumni’s sense of belonging to the Amrita School of Pharmacy.

Thanks & Gratitude

As the Chief Co-ordinator of Amrita Alumni Kochi Campus, I am blissfully privileged to convey thanks & gratitude at the end of this "Amma's Anugraha" the sacred magazine of Alumni. At the outset I would like to convey my loving gratitude to our beloved Amma for all the opportunities and blessings showered on all of us during the studentship of our Alumni. May our Amma's blessings be always with us. Sampoojya Swamiji Amrita Swaroopandapuri, President AVVP, Vice Chairman Mata Amritandamayi Matt and Sampoojya Swamiji Poornamritanandapuri, General Secretary, Mata Amritandamayi Matt had given their fullest support for the alumni programs. Both of them played a pivotal role in the growth of our campus alumni. Thanking is so decimal an expression in front of their godly existence and graceful presence. They are the owners of eternal music, which can move the world.

Dr.Prem Nair, our Medical Director & Provost is the pillar of Kochi Campus Alumni. A poised person deeply involved with the past students emotionally and intellectually. Without his support, our alumni network would not have grown to such a mammoth size. Sir, we are all awestruck by your unconditional and expansive support. We alumni pray for Amma's blessings to be always with you.

Dr.Shanti Nair, Dean Research AVVP & Director ASNMM, Kochi is popularly known as Nano scientist. Under his guidance, Alumni Office had no dearth of information about his past students. Thank you so much Sir for the positive outlook you have towards Kochi Campus alumni.

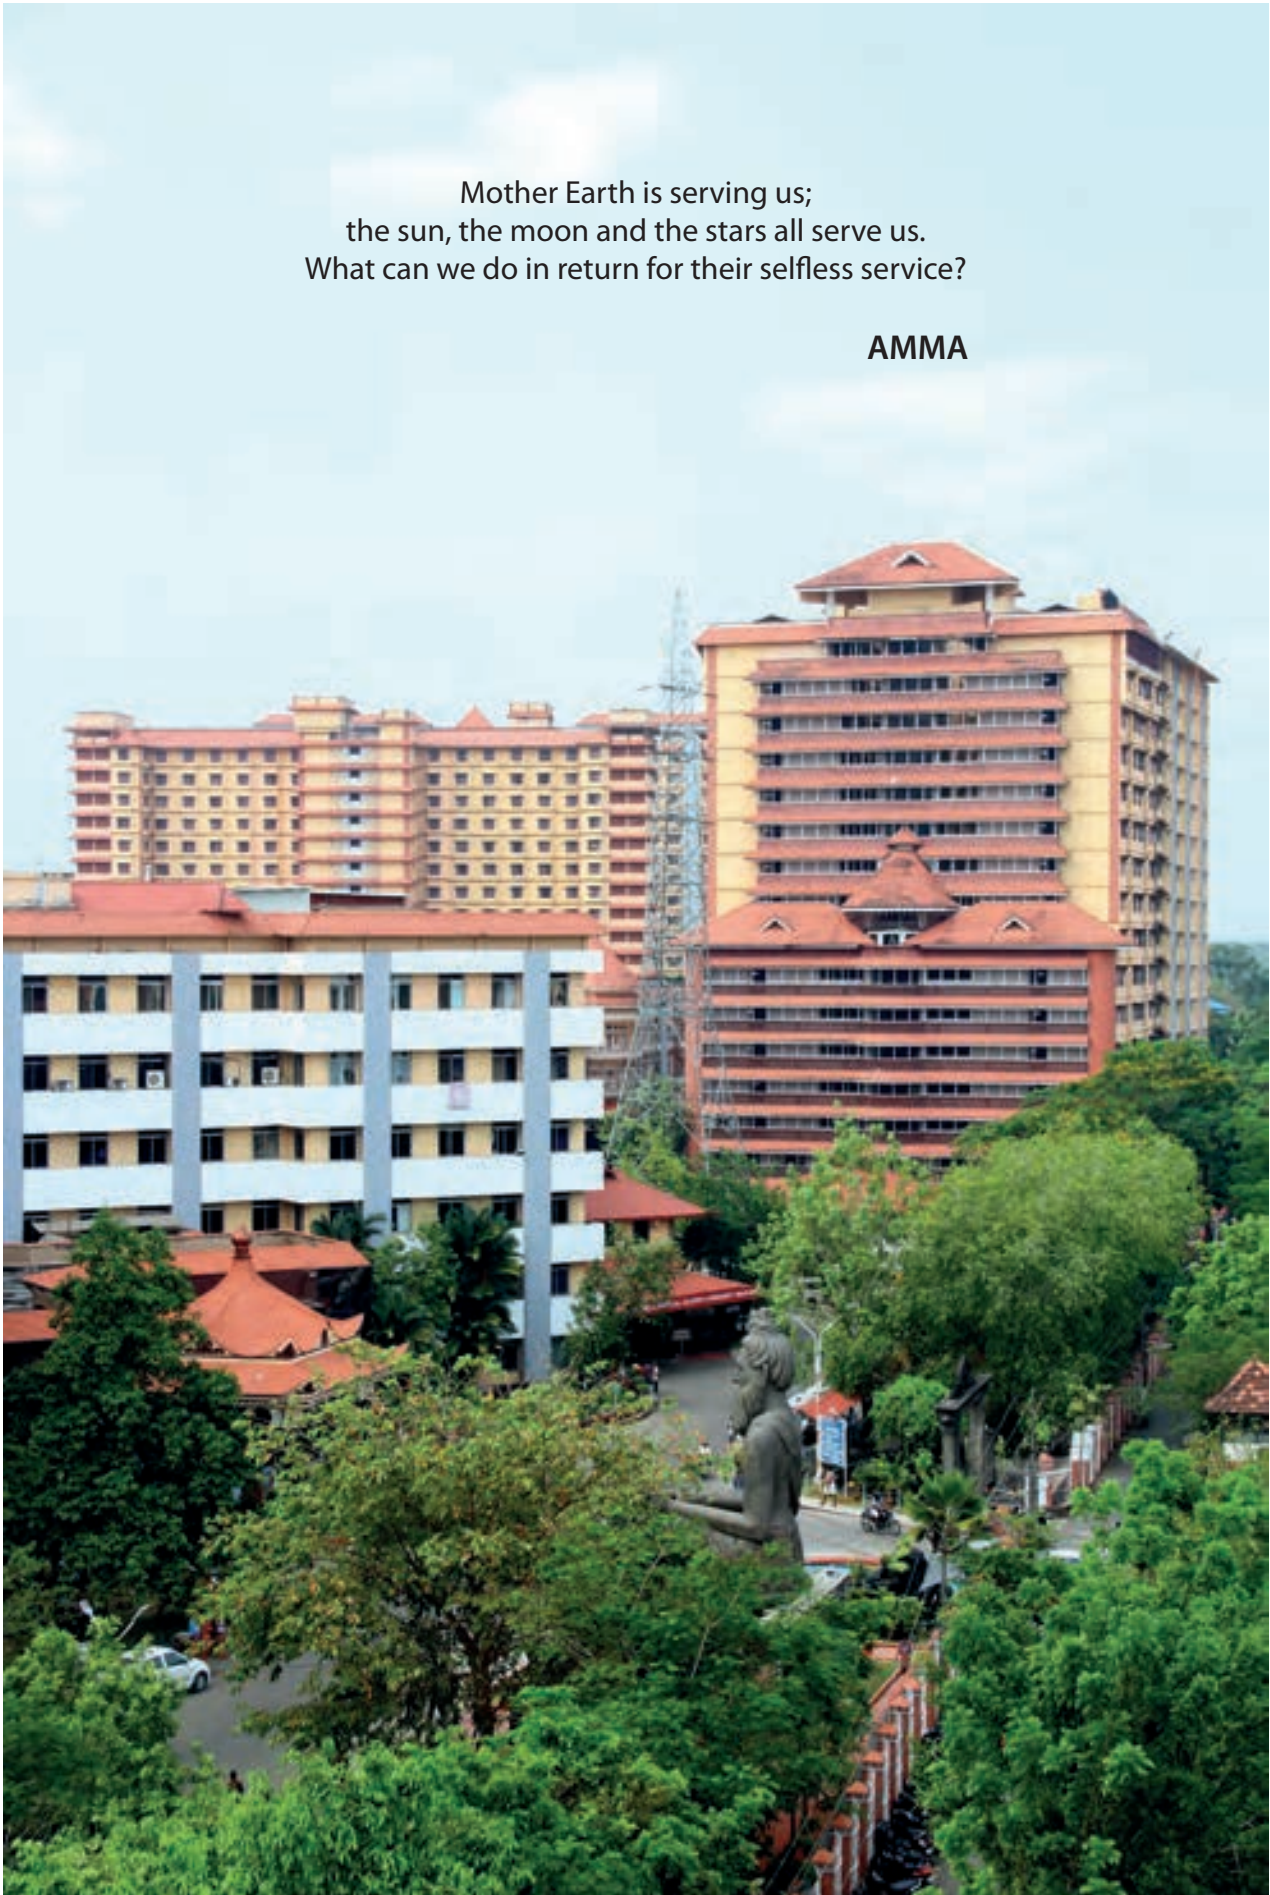

Dr. Gireesh Kumar K.P, Principal, Amrita School of Medicine is very positive and ready to do any help to anyone in the Campus. Our alumni thank you so much for what you are. A very rare personality to celebrate.

Dr.Balagopal Varma, Principal, ASD, Shri.M.V.G.Thampi, Chief Program ASAHS, , Dr.K.T.Moly, Principal, ACN, Dr.Rajiv Prasad, Principal, ASB, Dr.Sabitha M, Principal, ASP, Dr.Krishnakumar, Dean & Director ASAS are all Heads of their own schools & college work with me with full support to Alumni. Without them this task would never would be successful. All the co-ordinators of different Institutions can never be forgotten as they are the lifeline of this magazine. The AOC members, Editors of this magazine, the student volunteers, Catering Dept.head Bri.Karunaji, Audio Video Team, Graphics Dept. & carpool members are the hands and legs of our Alumni program. We thank you profusely. Last but not the least my thanks to the Alumni office members for making this magazine regular and successful. I wish all the Alumni spread over the world, our Amma's blessings for a happy, Bright & successful future.

Mother Earth is serving us;
the sun, the moon and the stars all serve us.
What can we do in return for their selfless service?

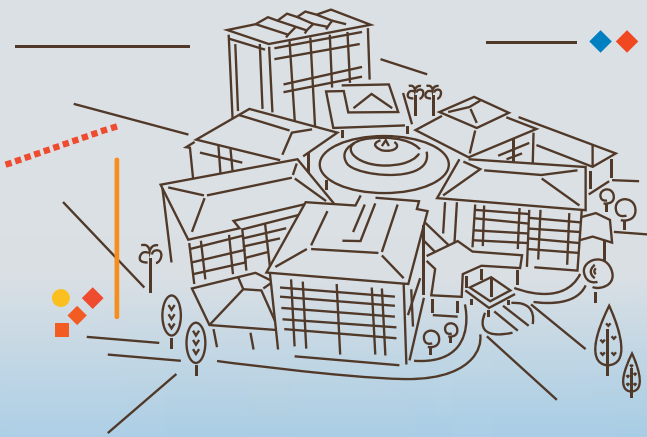

AMMA

Play like a child. Reawaken that innocence within you. Spend time with children. They will teach you to believe, to laugh and to play. Children will help you to smile from your heart and to have a look of wonderment in your eyes. Divine love makes you innocent like a child.

The training and discipline that are given in youth will create a strong impression in the mind and play a great role in the building of character. Parents should take care not only to feed and fulfil the wishes of their children but also to discipline them, instilling faith and good culture.

Amma

Embrace Good Health
