NATIONAL PRE-CONFERENCE WORKSHOP

AI IN RESEARCH – FROM CONCEPT TO MANUSCRIPT

*Empowering Researchers through hands- on
applications of Artificial Intelligence Across
Every Stage of the Research Journey*

DATE & TIME

28 OCTOBER 2026

9.00 AM- 5.00 PM

VENUE

Examination Hall,
Near Main Auditorium,
Annex B Block, AIMS,
Kochi

ABOUT THE WORKSHOP

Hands-on: AI in Research – Concept to Manuscript

This one-day intensive workshop is a practical immersion into the world of Artificial Intelligence and its transformative applications across the research lifecycle.

From idea generation to manuscript submission, participants will experience how AI tools can enhance productivity, improve research quality, and support responsible scholarship.

WHO SHOULD ATTEND?

Researchers & Academicians
across disciplines

Clinicians & Healthcare Professionals
engaged in research

Postgraduate & Doctoral Students
at any stage of their research

Educators & Research Guides seeking to
integrate AI into teaching and research

**Professionals from Industry &
Government Organizations**

WORKSHOP HIGHLIGHTS

INC 10 Credit hours/2 Credit Points
KNMC 5 Credit hours

**Practical exercises and real-time
demonstrations**

**Expert-led sessions by national
and international faculty**

**Focus on ethical and responsible
use of AI in research**

Certificate of Participation
to all registered participants

EXPECTED OUTCOMES

Enhanced ability
to use AI tools
across research
phases

**Improved research
efficiency and
productivity**

**Better quality
manuscripts and
communication**

**Stronger understanding
of ethical use and
AI governance**

**Preparedness for
the future of
AI-enabled research**

Learn. Explore. Create. Publish. With AI.

Workshop Tracks & Expert Faculty

Learn from distinguished experts from academia, healthcare, artificial intelligence, and research publishing.

SESSION 01  Introduction to AI in Research  9.00 am-10.00 am  Dr. Rahul Krishnan Associate Professor Amrita Centre for Wireless Networks & Applications (AmritaWNA) Amrita Vishwa Vidyapeetham, Amritapuri Meet our speaker for Introduction to AI in Research	SESSION 02  Research Idea Generation & Problem Framing  10.30 am- 12.00 noon  Mr. Bipinkumar Rathod System design specialist - Asian Development Bank Consultant - Digital Health Transformation, UNDP, African medical city. Mentor - Applied Clinical informatics, Memorial Sloan Kettering Cancer care. Meet our speaker for Research Idea Generation & Problem Framing
SESSION 03  AI for Literature Review & Reference Management  12.00 noon- 1.30 pm  Dr. Vineetha K Additional Reader Department of Public Health Dentistry, AIMS Kochi Meet our speaker for AI for Literature Review & Reference Management	SESSION 04  AI in Research Design & Data Analysis  2.00 pm- 3.30 pm  Dr. Sowmya V Associate Professor School of Artificial Intelligence Amrita Vishwa Vidyapeetham, Coimbatore Meet our speaker for AI in Research Design & Data Analysis
SESSION 05  AI for Scientific Writing & Publication  3.30 pm- 4.15 pm  Mr. R Anand Manager – Institutional Sales South India & West India BMJ Group Meet our speaker for AI for Scientific Writing & Publication	SESSION 06  Ethics & Responsible AI Use in Research  4.15 pm- 5.00 pm  Dr. Jyoti Rao, SSBM Geneva Co-Founder & CEO JV EdTech Medovation Meet our speaker for Ethics & Responsible AI Use in Research

Six Expert-Led Sessions

Practical Demonstrations

Interactive Learning

Responsible AI Practices
